

# Understanding Reports

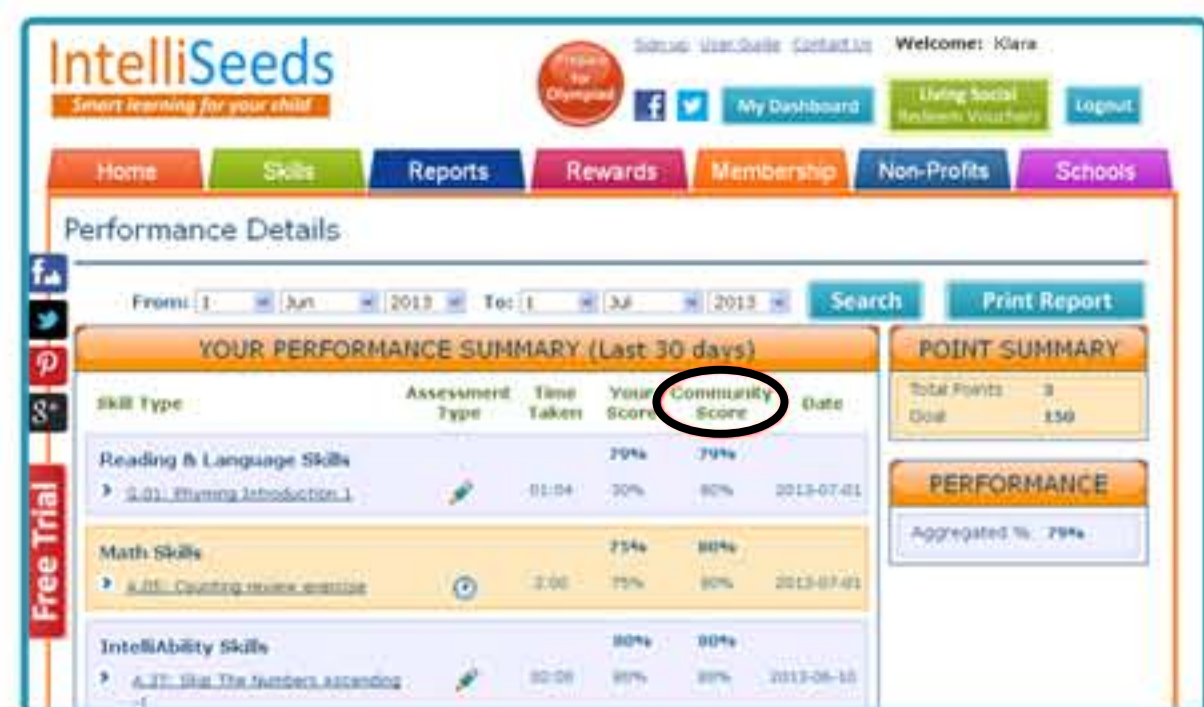

## 1 Performance details

- As a parent/guardian you would definitely like to keep a track of what your child is doing. You can view the performance details by visiting the reports page from navigation button as shown:

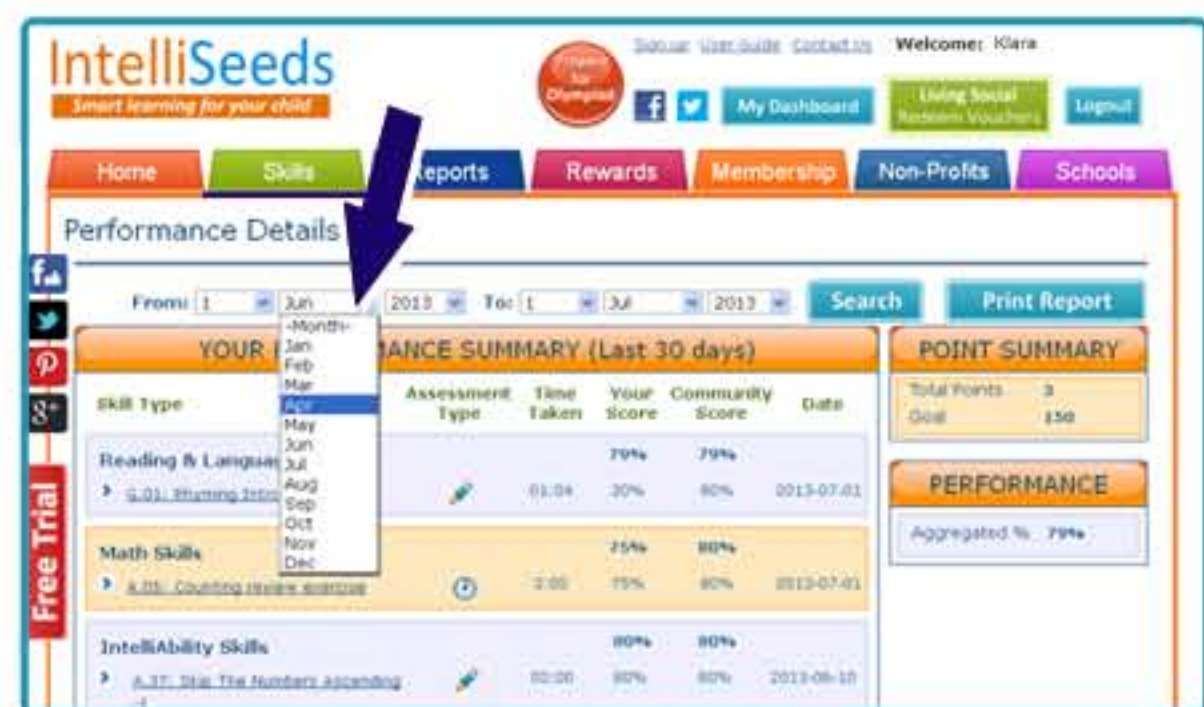

## 2 Summary

- You can view your child's performance as well as have access to comparative community score which helps you track your child's growth.

## 3 Filtered Search

- Here is a new feature that IntelliSeeds introduces for parents/teachers. Rather than viewing a long list of assessments, if you need to view only some assessments which were taken over a particular period, then you can choose dates from the filters as shown:

## 4 Print Reports

- You can also print your child's report by clicking on 'Print Report' button as shown:
